**ERGONOMIC FEATURES**

**A. Tilt Lock**  
 Lock in any comfortable position throughout the tilt range to accommodate your posture.

**B. Adjustable Back Height**  
 Allows you to properly position lumbar support to reduce likelihood of back pain.

**C. Adjustable Back Angle**  
 Adjusts to change angle of your torso, helping reduce disc pressure and relax the back muscles.

**D. Adjustable Arm Height**  
 Adjusts to support arms to reduce muscular effort in neck and shoulders.
