

**Increases Storage Space by 40-70%!**

**Revolutionary**

Increase storage space with this movable steel shelving system. X<sup>5</sup> recovers wasted floor space and turns aisles into more storage area.

**Heavy Duty**

Chrome-plated shelves are made of 2, 5 and 7 gauge steel; posts are 19 gauge steel. Each shelf holds up to 500 lbs. evenly distributed.

**Easy to Use**

No tools are required to assemble X<sup>5</sup>. No permanent mounting is required making X<sup>5</sup> easy to reposition or expand.

**Customizable**

X<sup>5</sup> is available in four widths, two heights and two depths, and is customizable to fit nearly any storage area.

**Safe**

A "step on/step off" safety brake locks units into place while loading and retrieving.

**Shelves Slide Easily on Tracks!**

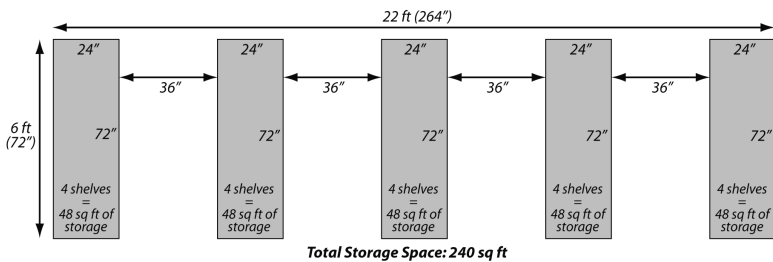

**TYPICAL CONFIGURATIONS**

Below are basic starter kits that contain all components necessary to make the five-shelf track shelving configuration shown above, with different shelf dimensions included for your convenience. X<sup>5</sup> is also customizable and may easily be configured to fit nearly any storage area and space requirement.

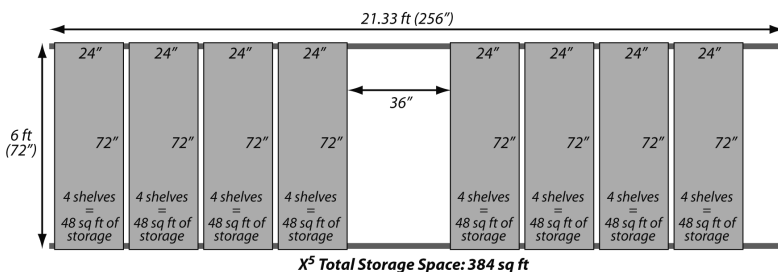

<b>X5S1836</b>	18" x 36" Shelves	<b>\$3101</b>	<b>X5S2448</b>	24" x 48" Shelves	<b>\$4136</b>
<b>X5S1848</b>	18" x 48" Shelves	<b>3581</b>	<b>X5S2460</b>	24" x 60" Shelves	<b>4736</b>
<b>X5S1860</b>	18" x 60" Shelves	<b>4001</b>	<b>X5S2472</b>	24" x 72" Shelves	<b>5516</b>
<b>X5S2436</b>	24" x 36" Shelves	<b>3716</b>			

**Before X<sup>5</sup>** Traditional storage methods require an aisle between each stationary unit, using up valuable floor space.

**After X<sup>5</sup>** Usable space is increased by converting aisles into more storage area. Here, using the same square footage yields 384 sq. feet of storage - an increase of 60%.

**Shelving Accessories**

**Anti-Slide Plate** prevents items from sliding off the sides and backs of shelves. **Anti-Slide Bar** keeps larger items from sliding off the back of the shelf. **Divider Plates** divide sections on each shelf.

**Label Holders** make it easy to identify the contents of each shelf. Packs of 4. **U-Shaped Handle** can be added to 72"H and 48"H shelving units along with casters to create mobile carts. **Plastic Screens** create a solid surface to prevent small items from falling through shelves.
